2002 NAPA VALLEY RED WINE

Red Wine of the Quarter

Quarterly Review of Wines

Winter 2006/2007

“Aromas are rich in red berry, cherry, vanilla and oak notes. There are nice spice-cedar-berry-cherry flavors on the palate, where the texture is rich and sumptuous. It is one of a handful of worthy California red blends we know and comes with absolutely no sticker shock. It's for the serious cellar.”
