

Domaine de l'Ile

PORQUEROLLES

THE ISLAND EXPRESSION OF THE FINE WINES FROM PROVENCE

Porquerolles, an island. Cast off the ordinary. Even ashore, sea is always present, as the freshness of the spray forms a blissful union with the scents of the pine grove. The historic vineyard is bathed in light and derives its distinctive taste from the glistening crust of the thousand-year-old shales, on which the tender night sprinkles dew drops. Now owned by CHANEL, Domaine de l'Ile produces wine formed by island soil, loving sun and invigorating wind.

A FAMILY AND AN ISLAND

François-Joseph Fournier bought the island as a wedding gift for his beautiful young wife, Sylvia. He spent his life dedicated to turning the island into a paradise. Over the years, it passed down to their great grandson, Sébastien Le Ber.

UNIQUE TERROIR

The vineyards were some of the first in the region to be classified as Côtes de Provence, due to the quality of the wine produced. Vines grow on orogenic schist bedrock and clay soils, under a warm Mediterranean climate with fresh saline winds. Fragrant flora including pine and eucalyptus frame the parcels, revealing their presence through delicate wine aromatics.

Climate: Dry, moderated by marine influence

Soil: Shale source rock, clay

Density: ~1,619 plants per acre

Varieties Planted: 26% Syrah, 24% Grenache, 18% Rolle, 15% Mourvèdre, 12% Cinsault, 5% Tibouren

A PRESERVED NATURAL SPACE

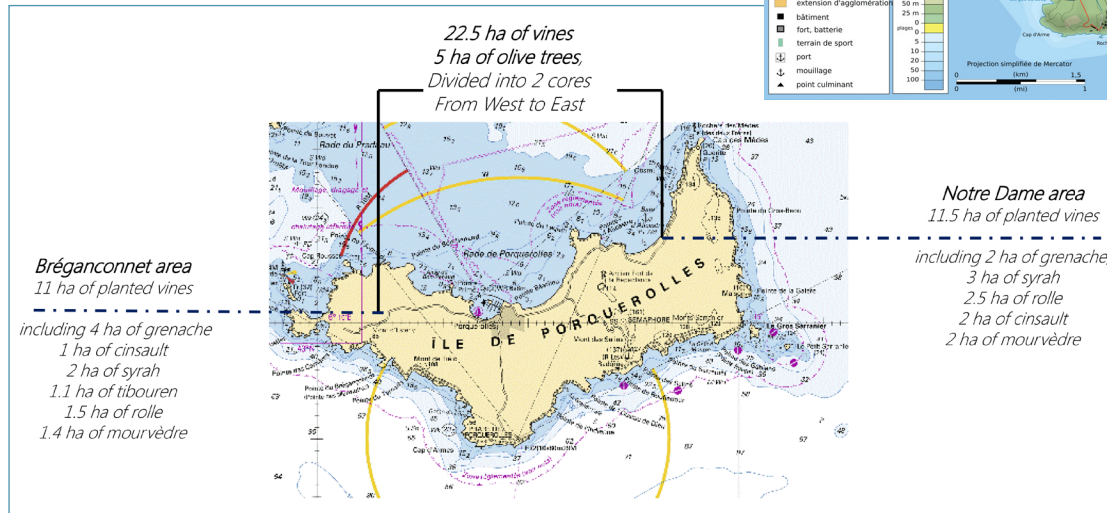

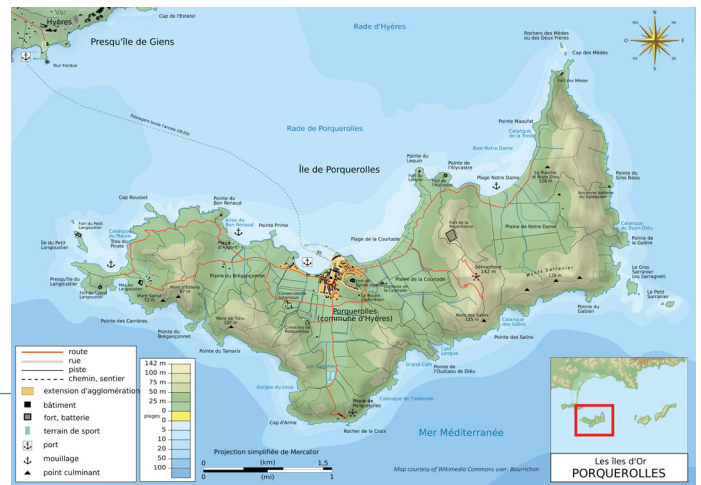

The island of Porquerolles and the sea surrounding it are protected, listed areas. Lying in the heart of a protected national park, Domaine de l'Ile follows agro-ecological initiatives and preserves biodiversity. Thanks to Sébastien Le Ber's hard work, in 2015 the vineyards were certified organic. And in 2019, after many fulfilling years as a wine producer, Sébastien is entrusting this heritage to CHANEL, thereby opening a new chapter in the story of Domaine de l'Ile.

AN IDYLIC GROWING LOCATION

The island of Porquerolles sits just a couple of miles off the coast of Provence, located about 50 miles southeast of Marseilles. The largest and most westerly of the three Îles d'Hyères, it has an area of about 4.84 square miles.

Our vineyard plantings are almost equally split between the west and east sides of the island, with just over 27 acres in the Bréganconnet area and almost 28.5 in the Notre Dame area.

2022 ROSÉ

Composition

27% Grenache, 26% Cinsault, 22% Syrah
20% Mourvèdre, 5% Tibouren

Tasting Notes

The 2022 Rosé exudes scents of melon and tropical fruit, in a bouquet with sweet notes. In this smooth, melt-in-the-mouth vintage, a zing of acidity appears only at the finish, underscoring the firmness and balance of this delightful vintage. This slightly bitter touch shows through as a sign of delicious complexity. This exotic, indulgent wine conjures up luxurious oriental gardens dripping with peaches, apricots and pomelos.

92 POINTS | Vinous

"The 2022 Rose is beautifully textured and expansive, with notable radiant intensity running through a core of red berry and blood orange fruit. Sweet floral and mineral accents bring it all together on the resonant finish. Delicious."

-Antonio Galloni, May 2023
