

DOMAINE DE L'ÎLE - 2023 ROSÉ

The colour is straightforward, revealing hints of coral and amber. The precision of this vintage is characterised by an enveloping nose of tea leaves and eucalyptus, followed by notes of liquorice. The attack is supple, without altering the acidity, and develops generously on the palate. This acidity, by its relief, catches the aromas of pomelo and preserves a beautiful tension which combines two sensations, the crunchy yet caressing velvet of almonds. The spicy framework of the Mourvèdre grape is present right through to the finish. Finally, the long-awaited iodine never fails to make an appearance.
