

2024 NAPA VALLEY ESTATE SAUVIGNON BLANC

St. Supéry Estate Vineyards and Winery is a 100% Estate Grown, sustainably farmed winery located in the renowned Rutherford growing region in the heart of Napa Valley. Committed to producing the highest quality estate wines without compromise, we focus on sustainable winery and farming operations to protect the land and environment for future generations. Our Napa Valley Estate collection includes Sauvignon Blanc, Cabernet Sauvignon and Rosé. These wines are balanced and showcase fruit-forward flavors.

WINEMAKER'S NOTES An inviting and fresh sauvignon blanc with green lime and yellow grapefruit aromas that mingle with notes of passion fruit, lemon peel and a hint of anise. The wine presents green and yellow hues with a crisp and refreshing palate filled with juicy grapefruit and lime zest with a touch of gooseberry and caper to create a saline vibrancy. A balanced wine with lively acid structure and a pleasing finish.

VINTAGE 2024 The 2024 growing season was classic Napa Valley. Much like 2023, the valley saw a wet winter that nourished the soil and set the stage for a mild spring. The wet beginning of the season was key in 2024. Bud break began normally during a period of extended mild spring temperatures with abundant shoot growth. Canopy management was important to veraison and ripening during extended warm periods from June through harvest. The first sauvignon blanc was picked on August 7 with continual picking through early September. The cool nights preserved beautiful acidity in the fruit and created classic varietal character in the grapes.

WINEMAKING After achieving the desired flavors on the vine, the Sauvignon Blanc was harvested in the cool morning hours in an effort to preserve the delicate flavors. Once in the cellar, the grapes were pressed to tank and immediately chilled and settled prior to fermentation. Fermentations were completed in stainless steel tanks at cool temperatures to maintain and enhance the natural flavors. The final blend was completed to capture the lovely fresh qualities of the variety and its intensity of flavor.
